| 714137 | Rapid Rooter™ Mat | 12/case   | \$15.29/ea |

**NEW!**

## RAPID ROOTER™ MAT

Rapid Rooter™ mat is a natural plant starters. This mat has 98 cross-cut planting sites that separate into one inch cubes for propagation cuttings and germinating seeds.

| Code#  | Description                     | Case Pk | MSRP      |
|--------|---------------------------------|---------|-----------|
| 726165 | 10 x 20 Black Tray - No Holes   | 100     | \$1.09/ea |
| 726167 | 10 x 20 Black Tray - With Holes | 100     | \$1.09/ea |

10" x 20" black plastic propagation trays with and without holes.

## PROPAGATION TRAY

| Code#  | Description                             | Case Pk | MSRP      |
|--------|---|---------|-----------|
| 726220 | 10 x 20 Black Cell Tray - 72 count cell | 100     | \$1.49/ea |

Fits snugly in a standard 10" x 20" propagation flat. Heavier duty than competitive inserts.

## SEED CELL PLUG TRAY

| Code#  | Description                        | Cs Pk | MSRP      |

| 726241 | NGW 7" Propagation Dome with vents | 35    | \$5.95/ea |

**NEW!**

## NGW PROPAGATION DOME - 7" TALL

Excellent quality 7 inch tall propagation dome. Straight vertical sides allow use of all plant sites in a propagation tray. 2 vents in the top of the dome can be opened or closed. Built in handle for easy removal. Fits snugly on a standard 10" x 20" propagation tray.

Shown with optional tray.

| Code#  | Description               | Cs Pk | MSRP      |
|--------|---------------------------|-------|-----------|
| 726240 | Altitude Propagation Dome | 50    | \$6.95/ea |

## ALTITUDE PROPAGATION DOME - 7" TALL

Clear heavy duty plastic. The generous height of the dome gives plants lots of room to get a good start! Size: 10" x 20" x 7" Tall

Shown with optional tray.

| Code#  | Description              | Case Pk | MSRP      |
|--------|--------------------------|---------|-----------|
| 726215 | Economy Propagation Dome | 50      | \$2.29/ea |

## ECONOMY PROPAGATION DOME

Economical plastic tray with clear cover is ideal for small starts! Size: 10½" x 21" x 2¼" tall.

Shown with optional tray.

| Code#  | Description               | Case Pk | MSRP      |
|--------|---------------------------|---------|-----------|
| 726242 | 6" SnugFit™ Humidity Dome | 25      | \$4.95/ea |

## GROTEK™ SNUGFIT™ DOME - 6" TALL

Grotek Snugfit™ domes have been professionally engineered to provide a snug fit on any 10" x 20" propagation tray. A snug fit means less humidity escapes creating the optimal growth environment.

Shown with optional tray.

## SUPER SPROUTER™ SEEDLING HEAT MAT

- Warms root area approximately 12° - 18° F over ambient temperature to improve germination process.
- Helps gardeners have better success rates with seedlings & cuttings.
- Perfect for one standard 10" x 20" propagation tray.
- Heavy-duty construction is much more durable than competitive mats – more than twice as thick!
- More consistent heating with fewer hot spots than other seedling heat mats on the market.
- Ed Hume seal of approval.

Specifications: • 10" x 20 3/4" • 17 watts • 6 foot power cord • Waterproof

| Code#  | Description                       | Case Pk | MSRP       |
|--------|-----------------------------------|---------|------------|
| 726700 | Super Sprouter™ Seedling Heat Mat | 10      | \$25.95/ea |

## SUPER SPROUTER™ SEEDLING HEAT MAT THERMOSTAT

| Code#  | Description                                  | Case Pk | MSRP       |
|--------|--|---------|------------|
| 726702 | Super Sprouter™ Seedling Heat Mat Thermostat | 6       | \$34.95/ea |

This excellent quality, reliable thermostat is designed to be used with the Super Sprouter™ Seedling Heat Mat or any other heat mat. It's precise control allows the user to closely control mat temperature & easily dial in the ideal germination temperature. Easy to use – simply plug the mat into the thermostat then place the temperature probe into your soil or other growing media. 120 volt grounded plug.

## FAST-GRO™ HEATING MAT

Greenhouse tests have shown that identical plants, cared for in exactly the same way, will grow up to three times faster when their roots are kept warm. In fact, if the air temperature is as low as 50 degrees, plants without root zone heating don't grow at all while those that do have root zone heating continue to thrive and grow!

- Germinate seeds faster – ideal for starting seedlings!
- Grow plants up to 3 times faster!
- Keep soil temperature 15° to 20° above room temperature preventing root rot!
- Perfect for use in cooler window boxes – saves on heating bills!
- Water resistant construction – spills just wipe off!

| Code#  | Description                              | Case Pk | MSRP       |
|--------|--|---------|------------|

| 726615 | Fast-Gro™ 22" x 44" Propagation Heat Mat | 12      | \$64.95/ea |

## GRO-MAT ELECTRIC SEED PROPAGATION MAT

- "Best Quality" heavy-duty construction and superior design.
- Thermostatic controlled heating element gently heats soil for maximum seed germination.
- Low electricity cost uses just 90 watts.
- Unique wire cage design combines rising heat and air circulation minimizes hot spots.
- Thick heavy-duty waterproof rubber. Much more heavy duty construction than most common brands!
- Retail friendly packaging.

| Code#  | Description           | Case Pk | MSRP       |
|--------|-----------------------|---------|------------|
| 726235 | 15 1/4" x 21" Gro-Mat | 6       | \$54.00/ea |
| 726230 | 17" x 38" Gro-Mat     | 3       | \$85.00/ea |

## WHITE PLANT STAKE LABELS

Use these white stake labels 4" x 5/8" to label your seeds or plants.

| Code#  | Description        | Quantity      | MSRP    |
|--------|--------------------|---------------|---------|
| 801000 | White Stake Labels | 1 Box of 1000 | \$29.95 |

## GEL4PLUGS

Gel4plugs is a gel based propagating aid which is unique in that, unlike other rooting gels, it is placed directly into the center hole of the plug. Just one milliliter or less is sufficient to ensure rooting of softwood and some semi-hardwood cuttings.

The gel contains indole butyric acid and other active ingredients to ensure effective rooting and healthy root growth. The product is patented. The gel forms a seal around the cut surface of the cutting, aiding uptake and helping prevent dehydration and infection.

| Code#  | Description | Size   | Case Pk | MSRP       |
|--------|-------------|--------|---------|------------|
| 726640 | Gel4Plugs   | 250 ML | 12      | \$12.95/ea |

| 726050 | Power Clone Rooting Gel™ | 2 oz. | 24      | \$10.95/ea |
| 726055 | Power Clone Rooting Gel™ | 4 oz. | 12      | \$15.95/ea |

## POWER CLONE ROOTING GEL™ 0.1 - 0.1 - 0.1

For rapid, robust roots. Made for serious gardeners who prefer to use cuttings for propagating their favorite plants. Power Clone Rooting Gel™ was formulated utilizing the latest advances in plant molecular biology and DNA technology. Get a profusion of luxuriant roots from cuttings and best of all, the main ingredients are 100% natural. Can be used with all types of rooting media.

| Code#  | Description                  | Size   | Case Pk | MSRP       |

| 726080 | Power Clone Rooting Solution | Quart  | 12      | \$89.95/ea |

## POWER CLONE ROOTING SOLUTION 0.2 - 0.3 - 0.2

Power Clone Liquid Concentrate™ for transplanting and rooting. Contains all of the ingredients found in Power Clone

Rooting Gel™, however, it is formulated as a liquid. Although the Liquid Concentrate can be used as effectively as the Rooting Gel in all kinds of media, the liquid is most beneficial in aeroponic systems and for transplanting potted or bare-root plants. The powerful, all natural ingredients present in this product offer long-term protection against transplant shock.

| Code#  | Description         | Size  | Case Pk | MSRP       |
|--------|---------------------|-------|---------|------------|
| 726540 | Dyna-Gro™ Root-Gel® | 2 oz. | 12      | \$12.50/ea |
| 726545 | Dyna-Gro™ Root-Gel® | 4 oz. | 12      | \$22.95/ea |

## DYNA-GRO™ ROOT-GEL®

Root-Gel® is a unique patented vitamin-hormone gel formulated for

the propagation of cuttings. It contains Indole-3-Butyric Acid (IBA), 1-Naphthaleneacetic Acid (NAA) and Vitamin B-1 in a water soluble form, plus just the right amount of essential minerals to get the cuttings off to a great start. Root-Gel® applies quickly, easily and thoroughly, surrounding the cutting with a viscous coating of protective nutrient gel. Root-Gel® seals the cutting and functions as an artificial root system during root development. Growers highly recommend Root-Gel® to increase production of cuttings.

| Code#  | Description           | Size  | Case Pk | MSRP       |

| 726330 | Olivia's Cloning Gel® | 2 oz. | 24      | \$13.95/ea |
| 726335 | Olivia's Cloning Gel® | 4 oz. | 24      | \$20.95/ea |
| 726340 | Olivia's Cloning Gel® | 8 oz. | 12      | \$34.95/ea |

## OLIVIA'S - CLONING GEL®

A professional strength, easy/ready to use propagation gel. Just cut, clip & grow! Stimulates root development for all types

of plants. Can be used for all stem, leaf, softwood, semi hard and some hardwood cuttings. Seals cutting & reduces transplant shock.

| Code#  | Description                | Size   | Case Pk | MSRP       |
|--------|----------------------------|--------|---------|------------|
| 726345 | Olivia's Cloning Solution® | Quarts | 24      | \$12.95/ea |
| 726350 | Olivia's Cloning Solution® | Gallon | 4       | \$34.95/ea |

## OLIVIA'S CLONING SOLUTION®

This cloning solution is a nutrient & propagation liquid that promotes vigorous growth & rapid root development for all types of plants, flowers, fruits & vegetables. Mixing ratio is 6 oz. to 1 Gallon of water.

| Code#  | Description | Size   | Case Pk | MSRP       |
|--------|-------------|--------|---------|------------|
| 726305 | Dip'N Grow® | 2 oz.  | 12      | \$8.95/ea  |
| 726310 | Dip'N Grow® | 16 oz. | 12      | \$46.95/ea |

## DIP'N GROW® ROOTING SOLUTION

Choice of professional plant propagators. Roots everything - from hardwoods to succulents. Cost effective - as low as 1¢ per 100 cuttings!

# PROPAGATION

## ROOTECH CLONING GEL™

Rootech Cloning Gel™ is an exceptional recipe containing a powerful hormone especially formulated to promote rapid, healthy root development during vegetative propagation. At application, Rootech's unique formulation surrounds the stem so it can be used immediately. Technaflora's original formulation is among the strongest cloning gels on the market, with a concentration of 0.55% (5.5 g/L) IBA.

| Code#  | Description          | Size  | Case Pk | MSRP       |
|--------|----------------------|-------|---------|------------|
| 726705 | Rootech Cloning Gel™ | 2 oz. | 12      | \$11.99/ea |
| 726710 | Rootech Cloning Gel™ | 4 oz. | 12      | \$19.99/ea |
| 726715 | Rootech Cloning Gel™ | 8 oz. | 12      | \$32.99/ea |

## HORMEX® CONCENTRATE

A vitamin, hormone concentrate and root growth stimulant. Hormex® prevents transplant shock by stimulating growth of the small feeder roots, which become damaged during transplanting.

| Code#  | Description         | Size   | Case Pk | MSRP       |
|--------|---------------------|--------|---------|------------|
| 726620 | Hormex® Concentrate | 4 oz.  | 12      | \$7.95/ea  |
| 726625 | Hormex® Concentrate | 8 oz.  | 12      | \$11.95/ea |
| 726630 | Hormex® Concentrate | 16 oz. | 12      | \$14.99/ea |

## DYNA-GRO™ K-L-N CONCENTRATE™

K-L-N Concentrate™ is a rooting solution containing both IBA and NAA hormones to promote vigorous root growth in trees, foliage and flowering plants. Use it for propagating cuttings, air layering and as a transplanting drench for newly potted plants. Drench, dip or mist your plants to simulate new root growth. Growers highly recommend K-L-N to increase production of cuttings.

| Code#  | Description        | Size  | Case Pk | MSRP       |
|--------|--------------------|-------|---------|------------|
| 726530 | K-L-N Concentrate™ | 8 oz. | 12      | \$10.95/ea |
| 726535 | K-L-N Concentrate™ | Quart | 12      | \$30.95/ea |

## VITA GROW™ ROOTING COMPOUND

Use to treat your cuttings with Vita Grow™ Rooting Compound for propagation. Place the cutting into a moist propagating media to insure good results.

| Code#  | Description      | Size   | Case Pk | MSRP       |
|--------|------------------|--------|---------|------------|
| 726515 | Rooting Compound | 4 oz.  | 12      | \$8.95/ea  |
| 726520 | Rooting Compound | 8 oz.  | 12      | \$13.95/ea |
| 726525 | Rooting Compound | 16 oz. | 12      | \$18.95/ea |

## VITA GROW™ ANTI-WILT PROPAGATION & TRANSPLANT SPRAY

Foliar spray designed to keep plants from wilting when under stress during propagation or transplanting by providing a protective film, yet still allowing the plant to breathe. Biodegradable and non toxic.

| Code#  | Description | Size   | Case Pk | MSRP       |
|--------|-------------|--------|---------|------------|
| 726500 | Anti Wilt   | 4 oz.  | 12      | \$7.95/ea  |
| 726505 | Anti Wilt   | 16 oz. | 12      | \$24.95/ea |
| 726510 | Anti Wilt   | Quart  | 6       | \$39.95/ea |

## REPLICATOR

Replicator is unique as it is not a traditional cloning gel but is in fact a "Cut Stem Sealant" and "Microclimate Stabilizer". Replicator can draw out air bubbles from your newly taken cuttings stem. Air bubbles in the "water carrying columns" of the stem is the number one cause for cutting death. The unique anti wilt technology within Replicator can prevent up to 99% of air bubble related cutting deaths.

| Code#  | Description | Size  | Case Pk | MSRP       |
|--------|-------------|-------|---------|------------|
| 726600 | Replicator  | 2 oz. | 24      | \$10.00/ea |

## EZ-CLONE™ GEL

EZ-Clone™ specially formulated gel is designed to speed up root development, produce vigorous healthy roots & protect the cutting from pathogens & contaminants. This unique formula was designed specifically for the EZ-Clone™ cloning systems, but can also be used for all other methods of cloning.

| Code#  | Description   | Size  | Case Pk | MSRP       |
|--------|---------------|-------|---------|------------|
| 726650 | EZ-Clone™ Gel | 6 oz. | 12      | \$34.95/ea |
