

TRAYS/RESERVOIRS/GROW SYSTEMS

The AeroGarden™, the world's first kitchen garden appliance that allows anyone – even “brown thumbs” with no gardening experience – to simply, conveniently and affordably grow healthy and delicious Farmer's Market Fresh™ herbs, lettuce, tomatoes and more, all year-round, right on their kitchen counter top, without dirt, bugs, weeding or mess.

The AeroGarden™ uses NASA-proven, high-yield aeroponic technology and built-in grow lights to create a self-watering, self-feeding, fully automated indoor garden that grows plants faster and healthier than plants grown in soil.

The AeroGarden uses patent-pending “rainforest-in-a-box” technology, where plant roots are grown directly into the air in a 100% humid, oxygen-rich environment with a consistent, nourishing rainfall of organic-based nutrients – with no dirt, pesticides or soil contaminants. This oxygen-rich “aeroponic” delivery results in stunning growth rates up to five times faster than plants grown in soil.

The AeroGarden's simple, “plug and grow” system guarantees 100% germination and gardening success. The AeroGarden™ is easy to set up in under 10 minutes, often germinates seeds in less than 24 hours, and can go from “seed to salad” in as little as two and a half weeks. The rapid re-growth generates continual, ongoing daily harvests for months.

AEROFLO2® SYSTEMS

Hydroponic systems come complete with everything needed to start growing - Flora Series™ nutrients, Hydroton®, net cups, coco cup liners, pump (except 60 extension), support structure & manifold. Legendary growth and yield are the hallmarks of the AeroFlo2® line. AeroFlo2® super-oxygenates the nutrient solution to deliver oxygen, water and nutrient in ideal combinations, creating a root zone environment that surpasses anything found in nature. The results are larger yields, stronger more resistant plants.

TRAYS/RESERVOIRS/GROW SYSTEMS

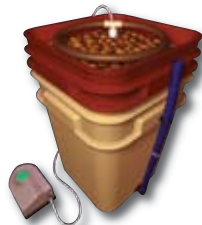

EUROGROWER® - COMPLETE SYSTEM

The EuroGrower® utilizes modern European technology in a simple easy to use home system. This affordable kit features 8 pots & new large 40 gallon reservoir. You can grow either numerous small plants or 1 large one in each of the 2 gallon capacity buckets. Use media of your choice. Suitable for greenhouse, patio or indoors under artificial lighting. EuroGrower® comes complete with GH Flora Series™ nutrients, FloraMicro®, FloraGro® & FloraBloom®.

Code#	Description	L x W x D	MSRP
706636	EuroGrower® 8 (complete)	54" x 26" x 22"	\$399.95

WATER FARM® - COMPLETE SYSTEM

This extremely reliable system has proven itself over the last 25 years! Grow one large plant or up to five small ones. It increases oxygen to the roots for vigorous growth and healthier plants. Comes complete with everything needed to start growing including Hydroton™ (grow media), pump, Flora series™ nutrients, instructions. Capacity: 2 gallon growing chamber.

Code#	Description	L x W x D	MSRP
706975	Water Farm® complete	9" x 9" x 15"	\$55.95/ea
706985	Water Farm® module	9" x 9" x 15"	\$32.95/ea
Includes: 4 gallon reservoir / 2 gallon growing chamber / pumping column / drip ring & grommet			

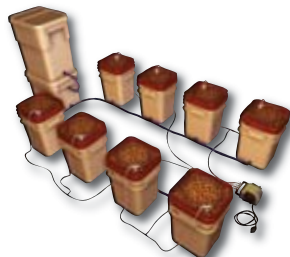

FARM KIT

Plumbing hardware of the water farm. Kit includes dripping column, dripping grommet, overflow tube, etc.

Code#	Description	Case Pk	MSRP
706335	Farm Kit	10 Kits	\$14.99/ea

WATER FARM® - 8 PACK KIT

Comes complete with 8 water farm® units and GH controller: an integrated 13 gallon reservoir and an 8 gallon controller unit. Includes dual diaphragm air pump, necessary hardware, supplies and GH nutrients.

Code#	Description	L x W x D	MSRP
706980	Water Farm® 8 pack	79" x 30" x 15"	\$299.95

VORTEX® DC SPRAYER

The spinning shaft of the Vortex® Sprayer creates a powerful eddy that not only stirs and lifts nutrients from the reservoir, but also gently oxygenates and evenly distributes nutrients and oxygen to plant cuttings and root systems. This powerful system enables faster, more consistent propagation creating higher crop yields.

Code#	Description	MSRP
706720	Vortex® 12 Volt DC Sprayer	\$129.99

TEXAS CONTROLLER

706215	Controller Complete	16" x 13.5" x 31"	\$69.95

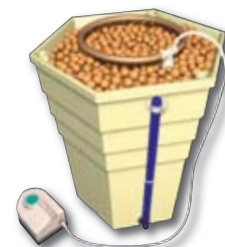

TRAYS/RESERVOIRS/GROW SYSTEMS

Code#	Description	L x W x D	MSRP	POWERGROWER ECO®
-------	-------------	-----------	------	------------------

706635	PowerGrower Eco®	13" x 13" x 15"	\$64.95
--------	------------------	-----------------	---------

The new hexagonal PowerGrower Eco® features a great new design. It is 15 inches across the top and 15 inches tall and consists of a single growing chamber at the top with integrated reservoir below. The unique hexagonal shape enables growers to place units close together when plants are small, and then separate them as the plants grow. A configuration of seven units placed together creates a high performance hydroponics growing area measuring 4 foot across. This configuration emulates a honeycomb design for space efficiency. This solid mass emulates a beehive in shape and spacing efficiency. This big step forward in hydroponic system design will delight experienced growers as well as those new to hydroponics.

Code#	Description	L x W x D	MSRP	RAINFOREST® 66 - Six 6" Site Aeroponics System
-------	-------------	-----------	------	--

706705	Rain Forest® 66 Modular System	22.5" x 22.5" x 19.5"	\$259.95
--------	--------------------------------	-----------------------	----------

The Rainforest® 66 is a favorite among users who wish to grow medium to large size plants. Vortex® Sprayer lifts and oxygenates the nutrient solution, and then gently distributes it over cutting's bases or root systems. This system includes:

- 17-Gallon Reservoir with Lid
- Vortex® Sprayer
- CocoTek® Liners
- 3-Part Flora Kit
- Six 6" Lid inserts
- 6" Plastic Cups
- CocoTek® Caps

Code#	Description	L x W x D	MSRP	RAINFOREST® 318 - Eighteen 3" Site Aeroponics System
-------	-------------	-----------	------	--

706710	Rain Forest® 318 Modular System	22.5" x 22.5" x 19.5"	\$259.95
--------	---------------------------------	-----------------------	----------

The RainForest® 318 can accommodate up to eighteen small plants from cuttings to harvest, or up to ninety cuttings for rooting and transplantation using the 3" CocoTek® coconut caps included. Vortex® Sprayer lifts and oxygenates nutrient solution then gently sprays it over cutting bases or root systems. This system includes:

- 17-Gallon Reservoir with Lid
- Six 3" Lid inserts
- 3" Plastic Cups
- 3-Part Flora Kit
- CocoTek® Caps
- Vortex® Sprayer
- CocoTek® Liners

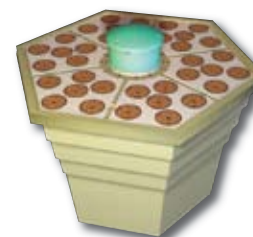

Code#	Description	L x W x D	MSRP	RAINFOREST® 236 - Thirty-six 2" Site Aeroponics System

706715	Rain Forest® 236 Modular System	22.5" x 22.5" x 19.5"	\$259.95
--------	---------------------------------	-----------------------	----------

Growers can use the RainForest® 236 to create a modestly sized nursery. Use this model to propagate cuttings or to quick-start seeds in a small footprint area. Vortex® Sprayer lifts and oxygenates nutrient solution then gently sprays it over cutting bases or root systems. This system includes:

- 17-Gallon Reservoir with Lid
- Vortex® Sprayer
- CocoTek® Liners
- 3-Part Flora Kit
- Six 2" Lid inserts
- 2" Plastic Cups
- CocoTek® Caps

Code#	Description	L x W x D	MSRP	ECO GROWER® DRIP HYDROPONIC SYSTEM
-------	-------------	-----------	------	------------------------------------

706721	Eco Grower® - 17 Gal Reservoir	22.5" x 22.5" x 15.5"	\$212.95
--------	--------------------------------	-----------------------	----------

The Eco Grower® incorporates an air driven "spider" drip system and uses the same revolutionary hexagonal reservoir with removable six inch lid inserts. Each lid insert will accommodate one 6" net pot that can easily grow very large plants. In keeping with our commitment to the environment, General Hydroponics™ will soon release versions of the Eco Grower® that will operate with electricity recovered from solar panels. Includes: 17-gallon reservoir, spider drip assemble, pumping column, insert lid, six 6" lid inserts, net cups, CocoTek® liners, Elite 800 air pump, 1/4" air line, Hydroton®, Flora nutrients.
