ORGANA ADD 2-0-0

The same formula growers across the globe have grown to trust is now O.M.R.I. certified. Organa-Add™ functions as a growth and bloom catalyst containing all necessary organic activators. Adding the product to your regimen will increase the production of essential oils improving overall quality while maximizing your yield. A balanced formula of vitamins, amino acids, carbohydrates,

proteins and organic chelates. Organa-Add™ should be used for the duration of your crops cycle to ensure explosive growth. To increase absorption rates of amino acids, this completely solubilized liquid can also be foliar sprayed. Organa-Add™ is super concentrated at 1 teaspoon for 5 gallons and should be used in conjunction with your favorite fertilizer.

ORGANA GUANO 0-2-0

Organa-Guano™ is a natural organic flowering stimulant derived from fruit eating bats. Organa-Guano™ functions as a flowering catalyst containing all necessary organic activators. The completely solubilized liquid contains the highest rate of phosphorus without the addition of synthetics. The use of a liquid guano is three times more cost effective and concentrated

as compared to powder. The organic liquid form of phosphorus is easily absorbed, stimulates early flowering, contains beneficial enzymes, increases number of branches/flower sites, enhances aroma and improves taste. The formula is non burning and contains no odor or harmful residue. Organa-Guano™ is user friendly and any grower can achieve exceptional results.
