READYGRO™ AERATION FORMULA 1.5 CU FT 37 lbs (60/PALLET)

Manufacturer: Botanicare

Botanicare® Readygro Aeration Formula™
READYGRO AERATION FORMULA1.5CU

ReadyGro is a premium and select blend of all natural an organic ingredients containing an optimum air to water ratio for superior growth rates and yields compared to conventional potting soils. ReadyGro is available in two unique formulas to suit your gardening requirements. ReadyGro Aeration Formula (4 to 6 waterings daily) is specifically designed for automated hydrogardens and self-watering planters with small to midsize plants. This blend is lighter and contains higher air content than the moisture formula. It is virtually impossible to over water plants with this formula. Plants can also site in ReadyGro with 1 to 2 inches of water and through the process of capillary feeding, hydrate & feed as needed.

NOTE: Sold individually. Pallet quantity is listed for your reference in case you wish to order palletized.
