

Rx Green Solutions Lower pH Adjuster, 128-Ounce

Model: dl-RXPHLOWER128

Rx Green Solutions Lower pH Adjuster, 128-Ounce

Manufacturer: -

LOWER is a pH adjuster that effectively decreases high pH levels to the desired levels. Levels outside the recommended pH range can cause nutrient deficiencies and result in slowed growth. Most plants require a pH of 5.5-6.5.

Scientifically developed for professional growers worldwide

Effectively increases low levels of pH to desired levels

Promotes nutrient intake and faster growth rates

Active ingredient: potassium hydroxide

Apply directly to pre-mixed nutrient solution

Price: \$17.44
