Stainless Steel Hydroponic/Micro Blade Pruner

Model: H355

Stainless Steel Hydroponic/Micro Blade Pruner

Manufacturer: Zenport

H355 Microblade Pruning Shear

Micro Blade Pruners have straight stainless steel blades to prevent rusting and are easy to sterilize. The handles have comfortable rubberized sides that improve gripping power.

Overall length is about 6-5/8 inches.

The pruning shear tips are narrow so they fit into dense foliage without damaging plants. These shears are commonly used for:

- Plant pruning
- Cutting flowers for display
- Dead heading dying blooms
- Cutting culinary herbs
- Thinning plant leaves or stems

Price: \$6.97
